## Clark Describes Play As "Romp"

### Music, Dance Roles Open For Audition

"A real romp" is how Dr. Edwin Clark describes the musical "HMS Pinafore" which will be presented at Omaha University's auditorium April 23, 24 and 25.

"Her Majesty's Ship the Pinafore" is one of Gilbert and Sullivan's greatest productions. The musical is full of bouncy, vibrant scores sung for fun as well as entertainment.

Romanticism runs high with identification of good guys in white and villains in black as opposed to a girl and boy relationship.

Plot is second in importance in Gilbert and Sullivan's musicals. The most important thing is that the audience has fun while watching. That is a promise to anyone attending one of the performances by OU students.

Musical roles are still open to anyone interested in trying out according to Dr. Clark. Auditions can be arranged with Mr. John Miller, who is musical director for the presentation.

Mrs. Karen Mullin, choreographer, has also announced that dance tryouts will be held next Monday and Tuesday, from 3-4:30 p.m. The tryouts will be held in the Womens' Quonset Hut. Students who are unable to come for the tryouts but would like to audition, should contact Mrs. Mullin in the Physical Education Department.

Also assisting the director Dr. Clark, is Professor Gary Schommer, who is acting as technical director.

## Bail Cites Need For Long Term Head At OU

"This has been a great experience" Dr. Milo Bail says when he reflects over his years as chief administrator of Omaha University. The president announced his plans to retire in September, 1965, at the Board of Regents meeting last Thursday.

Dr. Bail said he chose this time to retire because there is a crisis facing higher education and the university should have a leader to direct it for at least ten more continuous years. By the time of his retirement he will be 66 years old and doesn't believe in a year by year "piece-meal." This will also give the board 18 months to find a replacement and will enable the new administrator to work closely with Dr. Bail before he leaves.

During the next 18 months Dr. Bail plans to lay the groundwork for several improvements. Work has begun on a new computer area in the Applied Arts Building. The president stressed that more labs for physics, math and engineering are needed badly. He also wants to lay the foundation for a technical institute which would offer a two year program to high school graduates so they could develop a marketable skill.

Dr. Bail is also working towards the creditation of the College of Business Administration and cited the wonderful work they have been doing.

Of course the president said there is the matter of taking care of the students the university has now as well as the matter of continuing the education of adults in Omaha. Because of the change taking place in our society adults now have more

leisure time and can find the hours to go to school for credit as well as non credit courses. Dr. Bail also pointed out that the average individual can expect to work on three or four jobs during his lifetime because of automation and must keep up his education.

When asked what his plans were after he retires the president said there was "a lot of reading I want to do" and also some conversed with regard to going to a school and teaching for another year or two where the retirement age isn't until 70. However, nothing definite has been indicated. After Dr. and Mrs. Bail move into their 14th story apartment in the Masonic Manor he will be able "to view the campus" and be sure everything is running smoothly.

Dr. Bail feels the greatest accomplishment at the University has been the caliber of faculty he has hired over the years. "We have a faculty no one need apologize for," he said that is what makes a great university.

The president is also proud of the attitude of students who attend OU who seriously want to learn and leave the image of "West Dodge High" far in the past.

Dr. Bail has one concept that he feels really might reorganize the university. He made the comparison with the "Do Not Disturb" sign that a tired traveler puts on his door when he wants to rest. If every faculty member as well as student would put that sign on his door for two hours a day and just think, more great ideas would probably come forth.

## Co-ed Of The Week

Twenty-year-old Marcia Cathcart reigns as this week's "Co-ed of the Week".

Marcia is majoring in art and plans a career in advertising art after receiving her degree next year.

Her campus activities include membership in the Angels, the Art Club and Chi Omega soror-

ity, which recently selected her as president for next year. She has twice been among the ten best dressed co-eds at OU and last year she represented the Great Plains states in the National College Queen Contest in New York City.

The GATEWAY extends congratulations to Marcia Cathcart, "Co-ed of the Week".

## Peter, Paul And Mary . . . . At OU?

William J. Gerbracht, director of student activities, reported this week that he has been negotiating with a Hollywood, Cal., firm for a concert appearance by Peter, Paul and Mary.

Mr. Gerbracht pointed out however that the appearance of the folk-singing trio isn't a certainty, but that he has made an effort to secure the group for an April 22 concert at the OU Field House.

Peter, Paul and Mary appeared in Omaha last October 19 at the City Auditorium Music Hall and played before an overflow crowd.

Mr. Gerbracht said that about four-thousand persons could be seated in the Field House.

### SC Orders Lighting

A new multiple portable lighting system has been ordered by the Student Center. The system, which cost \$500, contains spots, dimmer board and colored wheels. It will be used in the SC for concerts, dances, speakers and in the Ballroom where special effects are needed.

### Where Do You Go?

Two students walking past the Women's Physical Education Annex noticed a sign on the door. One mused to the other, "Angels... use this entrance." Hmm... guess we're supposed to use the basement door."

Students who have accumulated a 3.50 average will be honored Friday, March 13th, at the annual Honors Convocation at 10:30 in the main auditorium.

### Peter Sellers Starts Foreign Film Series

A series of six foreign films will begin on April 6 at 7:30 p.m. in the Eppley Conference Center Auditorium. The movies are free to OU students with activity cards.

The other movies, which will be shown in series on Monday nights, include: "Breathless" from France, "Sawdust and Tinsel" from Sweden, "La Dolce Vita" from Italy, Japan's "Rasho Mon" and "Macario" from Mexico.

### Performers Honored

A recital honoring outstanding student performers in the department of music will be held Sunday evening in the Student Activities Ballroom at 7:30. The recipients of the honor will receive an award in addition to the performance.

## Students To View Films In Ouampi

### Gerbracht Changes Both Time, Date

The Student Center Film Series moves to a new time and location April 6.

The "Outsider" set for March 9 at 7:30 p.m. is the last motion picture scheduled for showing in the Student Center Ballroom.

Starting April 6, with the film "Cape Fear" the series moves to the Ouampi Room at 3 p.m. Monday.

William J. Gerbracht, Director of Student Activities, said the reason for the change is to eliminate a conflict with the Foreign Film Series held in the Eppley Conference Center.

He said the change is part of an experiment to see if more students are attracted to the movies shown in the Student Center by arranging them at a more attractive hour.

During this test run in the Ouampi Room, food service will be interrupted, however, the Bowling Alley area will remain open.

Three films are planned for showing in the Ouampi Room under the new schedule. They are, in addition to "Cape Fear", on April 6, "Breakfast at Tiffany's", April 20, and "Psycho" on May 4.

## Land Planning Is Discussed

New and simplified methods of land planning are topics of interest in the Land Planning Conference being held in the Eppley Conference Center today.

Information about the "segmental" approach to the subdivision layout will be given by the conference on a "learn-by-doing basis." Talks by technicians in allied fields on how layout affects street and utility patterns, street length, storm drainage, etc., will be highlighted by six layout problems introduced in increasing difficulty.

The Conference is sponsored by the University of Omaha and the Federal Housing Administration.

### THE SLOW RUSH

Illustrated below is the membership pin of a brand-new national fraternity called Signa Phi Nothing. To join Signa Phi Nothing and get this hideous membership pin absolutely free, simply take a pair of scissors, cut out the illustration, and paste it on your chest.

Let me hasten to state that I do not recommend your joining Signa Phi Nothing. The only thing I recommend in this column is Marlboro Cigarettes, as any honest man would who likes good tobacco and a good filter, whose heart is quickened by a choice of soft pack or Flip-Top Box, and who gets paid every week for writing this column.

I am frankly hard put to think of any reason why you should join Signa Phi Nothing. Some people, of course, are joiners by nature; if you are one such, I am bound to tell you there are any number of better organizations for you to join—the Cosa Nostra, for example, or the Society for the Placing of Water Troughs in Front of Equestrian Statues.

cut it out and paste it on your chest

But if you insist on joining Signa Phi Nothing, let me give you several warnings. First off, it is the only fraternity which admits girls. Second, there is no pledge period; each new member immediately goes active. Perhaps "inactive" is a more accurate word: there are no meetings, no drives, no campaigns, no sports, no games, no dues, no grip, and no house.

The only thing Signa Phi Nothing has in common with other fraternities is a fraternity hymn. In fact, two hymns were submitted to a recent meeting of the national board of directors (none of whom attended). The first hymn goes:

Signa Phi Nothing,  
Shining star,  
How we wonder  
If you are.

The second hymn, rather more poetic in content, is to be sung to the tune of *Also Sprach Zarathustra*:

A Guernsey's a cow,  
A road is a lane,  
When you're eating chow,  
Remember the mein.

Pending the next meeting of the national board of directors (which will never be held) members are authorized to sing either hymn. Or, for that matter, *Frènesi*.

Perhaps you are wondering why there should be such a fraternity as Signa Phi Nothing. I can give you an answer—an answer with which you cannot possibly disagree: *Signa Phi Nothing fills a well-needed gap.*

Are you suffering from mental health? Is logic distorting your thinking? Is ambition encroaching on your native sloth? Is your long-cherished misinformation retreating before a sea of facts? In short, has education caught up with you?

If so, congratulations. But spring is upon us and the sap is rising, and the mind looks back with poignant longing to the days when it was a puddle of unreason.

If—just for a moment—you want to recapture those care-less vaporings, that warm, squishy confusion, then join Signa Phi Nothing and renew your acquaintance with fecklessness. We promise nothing, and, by George, we deliver it!

## League Records May Fall As CIC Meet Begins Tonight

By Mike Moran

Nipped at the wire in a bid for the CIC basketball crown, Omaha U athletes try for the elusive conference indoor track title starting tonight at the Omaha Fieldhouse.

The meet will get underway at 7 p.m. with the finals in the high jump and broad jump plus the shotput preliminaries. The first sections of the running events will get underway at 8.

Qualifiers from tonight's program will then square off in the semifinals and finals on Saturday morning and afternoon.

Despite weakness in the field events, Omaha appears set to make its best try for the title since the school became a conference member.

Sayers and Williams  
Go for Slam

The terrific sprint tandem of Roger Sayers and Terry Williams are almost a sure thing for a slam in the 60, 440 and 300 yard events. Williams has

the fieldhouse record in the 60 with a 6.0 clocking. Sayers is a consistent 6.1 runner and may equal Williams' mark if aroused.

Terrific Terry also holds the CIC record in the 440 and Sayers has the mark of 32.1 in the new 300 yard dash.

The addition of Ken Gould in the mile and two mile plus Sam Singleton in the high jump seems likely to give the Indians added points in two areas which have been weak in the past.

Camien Trys for Marks

Defending champion Emporia State, beaten by Omaha in an earlier triangular meet, brings distance aces John Camien and Ireland Sloane in an effort for a repeat crown.

Camien is the guy who pushed Tom O'Hara of Chicago to a world record in the indoor mile just two weeks ago at New York. Sloane is a crack half miler and two miler. Camien holds conference marks in the mile and half mile while Sloane holds the CIC two mile mark.

## Singleton Breaks Scoring Records Indians Record 12-11 Season

The University of Omaha basketball players wrapped up their most successful season since 1954-55 when the season mark was 15-10. Coach Jim Borsheim's squad ended up with a 12-11 season with last week's loss to Emporia State.

Junior Larry Villnow, 6'7" center from Omaha Benson, climaxed a fine season by being named to the all-CIC second team. Several records fell during the 23-game campaign:

- Team Scoring—77.6 points per game (old mark 73.2 in 1956-57)
- Individual Scoring—429 points by Sam Singleton (old mark was 424 by Stan Schaetzle, 1956-57)
- Individual Average—20.4 per game by Sam Singleton (old mark 17.6 by Schaetzle, 1956-57)
- Most Field Goals (one game)—17 by Singleton (ties Schaetzle's mark in 1956-57)
- Most Field Goals (Season)—182 by Singleton (old mark by Schaetzle in 1956-57)

## Fugitives Topple Zekes For Title; Volleyball Starts

What proved to be one of the seasons' best Intramural games was played before the OU-Emporia State game last week.

Fugitives, league #2 champs registered a mild upset by dropping league #1 titleholders, the Zekes, 50-48. The Fugitives, led by Rich Vasek with 15 points stalled with one minute remaining and the scoreboard showing a 48-48 deadlock. Hoping for a final second basket, the stall was successful and with just seconds remaining, Jim Dahir put one thru the bucket to give his teammates a 50-48 advantage and the championship.

Don Crum finished high point man for the Zekes with a total of 16.

TKE's Lead

TKE continues to hang onto the lead in Intramural Bowling with a season record of 61½-14½ and 39,531 total pins. Bootstrappers are strongly represented with second and third place. Lambda Chi is a close fourth with 46-30, just one game behind Boot #2.

Bootstrapper #1 holds the high team series with a 2,308 and the high team game at 862. Bootstrapper #1 ace, J. Jerabek, rolled the high individual game with a 268 and high individual series at 713.

Volleyball

After one night of competition held last Monday, three teams have been eliminated in Interfraternity Volleyball competition. Delta Rho, Theta Chi and Alpha Epsilon Pi were eliminated while TKE, Lambda Chi, Sig Eps and Pi Kaps were to duel last night after this edition went to press. The double-elimination tourney was held in the OU fieldhouse.

Regular Intramural Volleyball competition will begin with league play getting under way March 9.

The present 52 acre campus was selected by the Board of Regents in 1936. It was criticized because it was too far away and outside the city limits, for the "working class of students".
